

## **Application below for non-motorized/non-trailer water craft**

**Thank you for your interest in joining the Berrien Springs Boat Club. This membership application is for those with non-trailer and non-motorized (NT/NM) canoes and kayaks and other NT/NM watercraft.**

**Membership is for the person only and the watercraft(s) that that person owns, not for friend's watercraft. This membership gives access to the bathrooms, grounds (including picnic areas) and to launch your NT/NM watercraft. It does not give access to the ramps to launch a motorized or trailered vessel. To launch your NT/NM watercraft(s), we ask that you quickly offload them onto the grass near the seawall upstream from the ramps, park your vehicle and then proceed to launch your watercraft(s) from the seawall. The water is usually about a foot deep at the seawall and the bottom is firm but some larger rocks. We are not recommending launching from the two boat ramps as they are reserved for trailered members and more importantly, the ramps are very slippery!**

**The BSBC liability insurance is secondary to the member's liability insurance, so we require that you have liability insurance on your vessels to cover any type of damage/accident that you may cause. Usually a watercraft's liability insurance can be included in one's homeowner's policy at little or no cost.**

**New membership can take some time due to mailing and the time it takes to process your application, so please allow at least a couple week's lead time. You may email us with questions at [bsboatclub@gmail.com](mailto:bsboatclub@gmail.com)**

**Thanks**
